Dear Honor; Kaufman, Boergest and Ryan LLP
have been defiling and Refiling Court Petitions that
Contradict your Order. They are claiming a chapter
11 Judgement that doesn't exist; that Constitutes
Fraud by all legal standards. I Kindly Withdraw
my claim of only wanting to accept 3.5 million
and ask that the original claim that equalled
100 million in assets and more monetary claims
Specified in the Original filing petition that began
at 161st Grand Concourse and was transferred here to
500 pearl st. Although I Can't Quite Recall, their were

Explaining their needs to be arrested. More evidence w/
statements will be submitted.

Explaining original claim and judgement

Finally A claim of 18 points, 2 or 3 were transferred here
bc I made a claim that at least 9 to 11 points were supposed
to be transferred here, because they were all in my opinion
(and I used A Constitutional law Textbook) actually a book
on the U.S. Constitution which I purchased from Barnes
and Nobels. The other points, I was told to take it up
in a Smaller Court because they didn't Constitute
Civil Rights or Constitutional rights Violations. I'm
assuming they Constituted A Violation of state law
and City law, including Gross negligences that should
have been handled not only civilly but Criminally. Upon
further investigation I hereby Agree. There have been
Numerous Acts of fraud on a County Clerk level, A Social
Service ~~level~~ ~~letter~~, and on a Criminal Felony level. Their
Also has been A gross breach in my medical Records
that Criminal Elements are Using to insure that all
their forms of fraud go Undetected. For Example,
I've never suffered from any kind of long
standing form of Terminal Illness Including
H.I.V. ^{lates}. As of Yesterday I've been Confronted All
over again by mr. Bronovinsky (referred to as such
because I believe he lacks the proper licensing),
that he's transferred my Case To A manhattan
ACT Team. And their insisting on an anti-viral
H.I.V. medication all over again. This is to
Systemmatically Circumvent ALL forms of procedural
law.

Plaintiffs
and defendants
should be involved.

ACT Team Community Treatment Serv.

Write the full name of each defendant or respondent. BPC (Communities of Wakefield

Now, # because of all these breaches in procedural laws of this Country which include ^{the participation of} Social Workers, County Clerks, Medical filing clerks, Agency Investigators and disciplinary action boards - I was able to bring about the Suite in the 1st place. But, Now they say, I'm the Only Beverly Dian(a) Antwi on Record, but government Agency documentation says otherwise. In other words, my basis of Judicial Judgement, where I was awarded my Judgement - the main basis of it, still hasn't been fixed, creating a worse problem and Rebreaches all over Again.

I resubmit my Relief Under 17-cv-7888 (en) ^{SDNY}

that to begin with, those Entities stated Under that petition and Complaint # filing number be arrested, including Investigators of Kaufman,

Boergeest, and Ryan which my original claim

as to why is under 13 cv 835. ^{SDNY} If you look

at my credit Report Under 13 cv 835, Kaufman

Boergeest, and Ryan (their Valhalla office) are the

first that should be investigated and summarily

arrested. Before I had ever filed (years ahead of

time, they had already Investigated). I want

MHLS Attorneys arrested Under 109-99 Also. ^{omt}

Reiterating my Reasons - ^{supposed} ① Gross negligence that is

leading to hidden ways to somehow Recap fraudulent

monies. For instance accidental medication mismanagement, which should have rendered me TERMINALLY ILL. They keep on Insisting on an H.I.V. Anti-Viral which defys the Common Sense not only of modern medicine but even early H.I.V. anti-viral administrational procedure.

② A perpetuation of the same Illegal and gross

negligible behavior that bankrupted my Social Security Number in the 1st place. And Sadly by

the same Corresponding Agencies, Using the same ways.

As to date I still haven't been able To enjoy or receive any of my award and Judgement Winnings. ④

Procedure: HIV1 Ag, 2Ab

Test	Result	Normal Range	Flag
HIV1 Ag, 2Ab	Non React	Non React	

As for 02/21/2017, the new fourth generation HIV AG AB screening test replaces HIV 1/2 AB Oraquick test at MSRI.

This test detects HIV-1 p24 antigen and antibodies to HIV-1 and HIV-2. It is a qualitative immune assay, the reactive results are preliminary and reactive sera are automatically reflexed to a confirmatory test, the HIV-1/HIV-2 antibody differentiation assay.

The confirmatory results must be considered in making diagnosis related to HIV infection.
